ADULT DRUG EDUCATION

PRESENTED BY FRANKLIN COUNTY SHERIFF'S DEPARTMENT

This program is designed to educate parents, pastors, teachers, social workers, community partners, and anyone with a nexus to children about current drug trends, terminology, and paraphernalia. The goal is to arm individuals with the information necessary to recognize the influences of the drug culture on their children, familiarize them with the many different drugs our children face, and share with them the experience and knowledge of undercover narcotics officers so they are better prepared to help children make the right choices.
