COVID-19 and Domestic Travel

Delay travel until you are fully vaccinated. If you are not fully vaccinated and must travel, follow CDC's recommendations for unvaccinated people. Those who are fully vaccinated with an FDA-authorized vaccine or a vaccine authorized for emergency use by the World Health Organization can travel safely within the United States. CDC will update these recommendations as more people are vaccinated, as rates of COVID-19 change, and as additional scientific evidence becomes available. Continue to follow safety protocols such as handwashing and social distancing!

Information about vaccine providers in our ten core counties is available at our website at www.aaa7.org or by calling 1-800-582-7277 Monday through Friday from 8:00 am until 4:30 pm. This includes Adams, Brown, Gallia, Highland, Jackson, Lawrence, Pike, Ross, Scioto and Vinton.
