

REMINDERS

There is a day that comes to mind,
when my GOD talked silently to my heart, a voice so peaceful and kind!

There is a place where I kneel to pray,
and I've always found HIS grace!

Who would have thought the years go by so fast, family I love and friends I've
acquired,
and I can look back and see all the prayers answered I so desired!

There is places in the roads I've traveled to work and back home,
that I've seen dangers HIS Angels kept me from!

There is times driving in my car where I cried and prayed that no one knew,
but GOD was right next to me giving me peace what to do!

Reminders of HIS goodness will soon make disappointments decay,
and a song and a smile brightens my day!

The Bible tells us of the life of JESUS, and Paul's rough road,
what if that was me and you, what would we do if we had the losses of Job?

We're told of the hardships the children of Israel faced in a wilderness forty
years
When had they believed and obeyed, it could have been only eleven days, but
they caused themselves many tears!

Reminders of HIS goodness we find daily,
by praying, reading the bible, rejoicing through our day gaily! Peggy Jones
