Free Healthy Living Workshop Available Soon
in Gallipolis to the Community

Live in Gallia County or surrounding communities? Do you or someone you know have long-term health challenges such as asthma, arthritis, heart disease, diabetes, and other life-long health conditions? Would you like to gain confidence and new skills to manage your chronic conditions and feel healthier?

“Healthy U” is a program made possible by a joint effort of the Ohio Department of Aging and the Area Agency on Aging District 7 (AAA7). In the workshop, that will soon be offered in Gallia County, the AAA7 is partnering with local community coaches to offer this special evidence-based healthy aging program to local residents.

Participants in the Healthy U program will gain needed support in addition to a number of other benefits including:

- Learning practical ways to deal with pain, fatigue and depression
- Discovering ways to be more physically active
- Learning how to eat healthier
- Learning better ways to talk with your physician and family about your health
- Setting personal goals
- Finding ways to relax and deal with stress

The free six-week workshop will be offered at the Gallia County Health Department, located at 499 Jackson Pike, Gallipolis. Sessions over the six-week period will be held on Thursdays from June 1st through July 13th. Each session will be held from 9:00 am – 11:30 am. Those participating should attend all six sessions.

Healthy U is open to anyone age 60 or older. Participants in Healthy U can represent individuals with any of the conditions mentioned previously, be a caregiver of someone with these conditions, or be someone who simply wants to learn more about healthy living.

Pre-registration for Healthy U is required by calling Breanna Williams at the AAA7 toll-free at 1-800-582-7277, extension 22247, or Carla Cox at extension 22284. Class size is limited, so those who are interested should call soon. Deadline to register is May 29th.
