Summer Crisis Program Through September 30th

More Than 44,000 Ohio Households Served in 2023

The Ohio Department of Development and the Area Agency on Aging District 7 (AAA7) are once again offering assistance to help Ohio's families stay cool during the hot summer months.

From July 1 through September 30, income-eligible Ohioans can receive assistance in paying their electric bill, purchasing an air conditioner or fan, or making repairs to their central air conditioning unit through the Ohio Department of Development's Home Energy Assistance Summer Crisis Program.

The Summer Crisis Program assists low-income households or those that have a disconnection notice, have been shut off, are trying to establish new service on their electric bill, require air conditioning, or those with an elderly household member (60 years or older) who can provide physician documentation that cooling assistance is needed for their health. Qualifying medical conditions can include lung disease, Chronic Obstructive Pulmonary Disease, asthma, and others.

To qualify for assistance, Ohioans must have a gross income at or below 175 percent of the Federal Poverty Guidelines for a family of up to seven members, and 60 percent of the State Median Income for a family of eight or more members. For a family of four, the annual income must be at or below \$54,600.

Last year, the Summer Crisis Program assisted more than 44,000 households in Ohio, providing a total of \$13.4 million in benefits.

To apply for the program, clients are required to schedule an appointment with any of the partners listed below in the AAA7's ten-county district:
