

As Americans, we are all BLESSED!
We all have HOPE in JESUS CHRIST!
Our FATHER GOD knows every need!
Before we ever existed, HE made & gave each one (trillions of people) the promises & benefits of HIS WORD, JESUS, was right next to the FATHER when everything was taking place! How much we (each one) decide to believe HIS WORD, and time to read the WORD, will affect our life and make the difference in how we live our life, either in the Light or darkness, Life or death, Heaven or hell! If we want peace, we will believe in the GODHEAD! If we go in unbelief, it is turmoil & pain & fear & defeat!

JESUS didn't say to the FATHER: "Why do I have to be first, can't anyone take MY place?"
(Sometimes we argue with our mate, and I wonder why do I have to be first to say I'm sorry?)

JESUS didn't say to the FATHER: "Do I have to go now; can't we make it another day?"
(Sometimes we hear our children say, "I don't want to clean my room now, I want to play!")

JESUS didn't say to the FATHER, "I'm not able to go, I don't feel well!"
(Sometimes on my work days, I'm depressed before I get stressed, before I get out of bed, I have excuses that sound like I'm half dead!)

JESUS didn't say to the FATHER, "I got other plans!"
(Sometimes I might interfere by not being there for another's blessing. So I'm guilty of being a woman or man. So in my conscience is this feeling of wrong, so like the Prodigal son, "I'll go back home, to my FATHER, and there HE is, waiting with open ARMS & such love from HIS SON!" (II Chron. 7:14 for today.)
