Live in Ross County or surrounding communities? Are you a caregiver of a child with special health and behavioral needs looking for some educational tools to help you in your caregiving role?

“Powerful Tools for Caregivers” is a free educational series presented by the Area Agency on Aging District 7 (AAA7) that is designed to provide you with the tools to take care of yourself while caring for a relative or friend. It is available to help family caregivers reduce stress, improve self-confidence, communicate feelings better, balance their lives, increase their ability to make tough decisions, and locate helpful resources. This special series will focus on the caregiving role for those who are helping with children living with special health and behavioral needs.

Classes consist of six sessions held once a week. Two experienced class leaders conduct the classes and provide interactive lessons, discussions, and brainstorming to help caregivers take the tools presented and place them in action. Attendees will receive a free book, “*The Caregiver Helpbook*,” developed specifically for the class that covers topics such as hiring in-home help, understanding community resources, making legal and financial decisions and understanding depression.
